# Klip lok Interface 400-700HS

Assembly

| Install with Tin Interface (Rail running parallel to ribs) | Install with Tin Interface (Rail running perpendicular to ribs) |

Component

| Klip lok Interface 400-700HS
Part No.: R2-I-09 (bar code: 10-002-00725) | Klip lok Interface 400-700HS (Black Anodised)
Part No.: R2-I-09/BA (bar code: 10-002-00726) |

Technical Specification

Application	Lysaght Klip-Lok 700 Classic, Lysaght Klip-Lok 700 Hi-Strength, Stramit Speed Deck Ultra, Fielders King Klip 700, Straco Topdeck 700, Metroll Metlok 700, Stramit Speed Deck 500
Fixing Method	Fixing on crown/rib of metal sheet
Dimensions	L50mm*W59.5mm*H61.3mm
Weight	0.155 Kg
Packaging	30 units per pack, 4 packs (120 units) per carton
Material	Main Structure: AL6005-T5 Bolts/washers/nuts: SUS 304 Rubber Pad: EPDM
Color	R2-I-09: Silver (Anodised, no less than 10 μm, excluding machined surfaces) R2-I-09/BA: Black (Black Anodised, no less than 10 μm)
Standard	AS NZS1170.2-2021
